

ALI MOUSAVI

Toronto, ON, Canada

647-684-1969

alimousavirr@gmail.com

Objective:

Seeking to obtain a position at Plexxis Software as a Junior Full Stack JavaScript Developer so I can use my knowledge in object-oriented programming, HTML, CSS, C#, JavaScript, database management, and agile development techniques. Committed to making a valuable contribution to Plexxis Software's modernization efforts and always improving my talents in the ever-changing field of software development.

Professional SKILLS:

- Proficient in network security technologies, including firewalls, intrusion detection/prevention systems, and SIEM tools.
 - Experience with vulnerability assessment and penetration testing tools.
 - Knowledge of regulatory compliance standards such as GDPR, HIPAA, or PCI DSS.
 - Strong analytical and problem-solving skills.
 - Excellent communication and collaboration abilities.
-
- Programming Languages: JavaScript, HTML, CSS, C#, Java, Python, Bash
 - Web Development Frameworks: ReactJS, NodeJS
 - Database Management Systems: OracleDB, MySQL
 - Version Control Systems: Git
 - Software Development Methodologies: Agile (Scrum, Kanban)
 - Integrated Development Environments (IDEs): Visual Studio Code, IntelliJ IDEA, NetBeans
 - Operating Systems: Linux (Ubuntu)
 - Scripting: Bash scripting for automation
 - Frontend Development Tools: Bootstrap

Personal SKILLS:

- Excellent communication, organizational and people skills
- Confident, hardworking, punctual
- Self-starter, customer-focused, team player, and able to work independently

- Friendly, helpful, co-operative with positive and enthusiastic attitude
- Proficient in Microsoft Office

EXPERIENCE:
